Principal's Message

It is indeed a privilege and a pleasure to be associated with the students of Cabri High School in the production of this year book-"The C. H. S. Echoes." This annual represents a great deal of effort on the part of many of the pupils and they are to be commended for their splendid work. It is hoped that the experience gained will benefit them in years to follow; working together as they have, they will realize what co-operation can produce.

This year book means much to the students of the year 1955-1956; it will no doubt increase in value as the years go by and it serves to bring back memories. Their united efforts have produced a valuable souvenir.

In conclusion, congratulations to the editorial staff and the best of luck in their future endeavors. To the graduates, we express our sincere wishes for happy and successful lives as citizens of Canada.

Sincerely,

W. H. Clark

Editorial

Shortly after this yearbook is published, the Grade Twelves of Cabri High will be graduating into a new phase of life which can be called the "University of Hard Knocks", where the textbooks are "troubles" and the teacher is "Experience". We hope that they have taken advantage of their opportunity for education, which will affect the course of their future lives.

Success in our future depends upon our schools, our teachers, our homes and others; but mostly it depends upon us.

Everyone knows that education is available elsewhere besides at school, but the classroom is recognized as an important and essential means of our education. School is not meant to be a punishment which students are forced to endure.

Education teaches the responsibilities of citizens of a democracy; clubs and societies teach us how to vote as responsible citizens. In this highly competitive age, a person must have a good education if he is to make a place for himself in the world of today. Even then, it takes hard work to reach the top.

In conclusion, I would like to thank all those who helped to make this publication a success. We trust that when the members of C. H. S. have scattered to the four winds, that this little book will bring many pleasant memories. If it does, we shall have succeeded in our purpose.

Mrs. Wickstrom, Mr. Crerar, Rev. Dotery and Mr. Johnson were judges who picked Pat to represent Cabri in the superintendancy finals to be held in the Cabri Memorial Hall on February 25. Pat won here so spoke in Swift Current on March 2 where she came second.

The 1956 Bryant Oratory was held in the school auditorium on Wednesday afternoon.

Speakers were Myrna Johnson talking on "Canada a Nation"; Dianne Fahselt, "Pauline Johnson"; Carole Jackson "Louis Braille"; Ross Korven, "Canada a Nation"; Norma Harris, "United Nations"; Carol Korven, "Co-operatives"; and Pat Castagner, "Canadian Literature".

Curling

The 1955-56 rink for Cabri consisted of skip--Elmer Swanson; third--Jerry Gossard; second--Vernon Bollinger; lead--Ronnie Conning. The first playdowns were held in Shackleton in February. Abbey, Shackleton, and Cabri high schools were those who took part. Shackleton won this playdown and gained the right to play against the other rinks in the Leader Superintendency, but were here defeated.

The 1954-55 team consisting of Jean Harris--lead; Betty Oldhaver--second; Lois Kelsey--third; and Elaine Culham--skip won out in the games played at Abbey. They went on to Maple Creek where they won their first game against Frontier, but lost their second game to Climax.

On January 14, 1956, four girls representing the Cabri High School went to Shackleton for the first playdowns in the Brier. Although they were supported by a few able supporters from Cabri, they were unable to defeat the foursome from Abbey in a sudden death game.

Baseball

The boys hardball team participated in the Eastern High School League of Superintendency along with Abbey, Shackleton and Portreeve. They succeeded in taking first place in this league and went on to compete against the Western High School League winner, Prelate. Prelate defeated our team in two close games.

Softball

Cabri High girls had another softball team in 1955. Mr. Clark coached this team, Gwen Sondrol was president, and Maureen Wright was secretary.

The only towns the team played against were Hazlet, Gull Lake, Shackleton, Abbey, and Lancer--winning some, and of course, losing some but always managing to have a good time.

We hope to have a team this year too, so here's hoping we have more luck!

Volleyball

Volleyball is played every Friday about two o'clock. In our first tournament, the teams were the Atoms, the Diatoms, the Protons, and the Molecules from grades nine and ten. The Protons won. In the second tournament, they were called the Zarpanitums, Slugs, Killers and the Bombers, with the Zarps. winning.

In grades eleven and twelve, there was only one tournament with teams named--Platelmithes, Chordates, and the Pteridphytas. The winning team was the Chordates. This is a game which is thoroughly enjoyed by all the students.

Badminton

A badminton club was formed with Kenneth Hargrove as president and Elaine Abraham as secretary. Some pupils played a few games after school, but as a whole, not much enthusiasm has been shown by the students.

Social Activities

Teen Town was held in the auditorium of the new school on Friday December 2. There was dancing, games, and lunch, and although the turn out was nothing to boast about, every one had a good time.

Cabri High School held a weiner roast on October 7 at the river behind Kirkpatrick's. Abbey High School was invited to make the event an even bigger success. A sing song around the fire, was held after supper.

At the "Butte" on February 9, there was a very successful toboggan party with all the members of Cabri High attending. Despite the deep snow and the howling wind, everybody enjoyed themselves. The tobogganers went to the cafe afterwards for lunch.

The High School Literary Society sponsored a dance after the Drama Festival in Cabri on March 23. The Carleton orchestra supplied the music.

A week or so after our bonspiel, we held a very enjoyable bean feed at the school in the land X room. All who went enjoyed the delicious beans, pie and ice cream.

On April 20, another wiener roast was held at the river. The pupils and friends met at the school at 6:30 P.M. where they started out for the river. I think that everyone who went had a good time.

Elmer, living it up.

Initiation

Every year around Hallowe'en a curious sight is seen marching down Main Street. It is the parade of Initiates of Cabri High. The costume usually includes: cow bells around ankles, bone mustache, high heels for boys, shoeboxes and blacked faces.

Throughout the day every initiate has to bow three times to every grade twelve student he sees, and say, "Have mercy upon me most glorious senior."

After prancing around in their regalia for the whole day, they are brought before a judge (Jerry Gossard) and jury where they are tried for their offences during the day. They try, but rarely succeed, to talk the judge out of their punishments. These usually include: rolling a peanut across the floor with their noses, eating a lemon; playing catch with eggs, etc.

Even though everyone wishes he could die on his initiation day, everyone enjoys all the attention he receives. It may comfort the Grade Eight students to know that so far no casualties have been reported.
